

**DATESWEISER**

Highline Fifty

Square Meeting Table, layered Etched White Glass top with White base, Polished Chrome edge and base detail with integrated technology drawers.

## Highline Fifty

A great design concept remains timeless yet sometimes needs to grow and expand. Highline Fifty is our big, bold statement line that blends the confidence of experience with an unchanged passion for design, function and choice. Discreet power access at the table edge adds yet another dimension. Highline Fifty is all about unleashing your full potential and having it reflected in the spaces you create.

DatesWeiser furnishes environments with beautifully designed, timeless products. Each piece is crafted with meticulous attention to detail, incorporating technology in discreet, clever ways that never distract from the elegance or power of the design. Founded in 1982, DatesWeiser has been synonymous with craftsmanship and quality from the very start. We partner with clients in the creative process, drawing on a vast portfolio of materials, colors and flexible product lines, and a deep bench of ingenuity and technical support.

Cover: Conference Table, layered custom Kevazinga and Umbra Grey top, Oil Rubbed Bronze edge and base, integrated technology drawers.

Client: Media company. Conference Table, Red Polyester Layered top with Polished Chrome and table top connectivity.

### Highline Fifty Collection

A larger profile base encloses wires, efficiently managing outside A/V needs. Layered tops with integrated technology drawers combine metal, wood, glass, and stone. Veneer slab tops, edged in metal for enhanced durability and distinction, accommodate technology at the table top or undermount.

Client: Law firm. Conference Table, Nero Marquina and Umbra Grey layered top, Polished Chrome edge and base details, integrated technology drawers.

Square Meeting Table, Grey Paldao top, Light Grey base and Polished Chrome trim with integrated technology drawers.

Credenza, Umbra Grey case, Plain-sliced White Oak, Grey Ceruse, Polished Chrome reveal.

Highline Fifty conference tables are offered in four shapes and in standard lengths up to 240". Credenzas can accommodate A/V equipment, cool drawers and trash units. Custom sizes and options are also available.

#### Highline Fifty Credenzas

The table's bold, layered edge allows for combinations of metal, wood, stone and glass, creating a beautifully executed top with integrated technology drawers. A veneer slab top accommodates table top or undermount technology. Credenzas in mixed materials create a distinctive style; optional cool drawer offers enhanced functionality.
