# Knoll and Sustainable Design

---

Each year Knoll sets key initiatives in the journey to sustainability. Focused on our impact to people and planet, Knoll reports material health product attributes and sets operational targets to reduce greenhouse gas emissions, waste generation and water use (in our North American facilities.)

Material transparency is a core Knoll sustainable design value, enabling us to optimize the design and performance of our products. Our material health program utilizes independent third-party certifications that provide an impartial and trustworthy foundation for industry-wide transparency. Certification by respected third parties ensures that all manufacturers are held to the same high standards. Knoll certifications include: Forest Stewardship Council (FSC®), Intertek's Clean Air Program, Business and Institutional Furniture Manufacturer's Association (BIFMA) LEVEL® certification, International Living Future Institute's (ILFI) Declare labelling and Certified Environmental Product Declarations. In addition, Knoll is aligned with the U.S. Green Building Council and can help organizations achieve credits for Leadership in Energy and Environmental Design (LEED®), WELL and the Living Building Challenge (LBC) building certifications.

In our manufacturing operations, we focus on efficiency and impact. Knoll Office and Knoll Europe manufacturing locations are ISO 14001:2015 certified. Knoll sets objectives and targets to reduce energy, water and waste. These initiatives are part of a long-term strategy to further reduce energy consumption and lower our carbon footprint.

We also believe in helping our customers find viable options when decommissioning furniture or other related assets. ANEW's Full Circle Program, in partnership with Knoll, allows customers to leverage buy-back and re-sale programs as well as explore options for repurposing or recycling that mitigate landfill impact through energy-from-waste conversion.

For more information about Knoll and sustainable design, visit [www.knoll.com/environment](http://www.knoll.com/environment).

**Note:**

Line drawings in this price list are purely for quick product identification without form of detail and cannot be used to satisfy production dimensions, shape or support options. Refer to Planning Guide for detailed product information.

**Wood Components**

Tops are 1-1/4" or 2" thick.

Bases are constructed using 3/4" thick material with mitered corners, in two widths (3-1/2" and 6") and two depths (24-1/2" and 30-1/2"). Bases also have a hinged access door for wire management.

**Levelers**

All bases are equipped with floor levelers to level the table.

**Grommets**

Please contact customer service at [customerservice@datesweiser.com](mailto:customerservice@datesweiser.com) or your local DatesWeiser representative to request a quote based on your specific needs. To find your local representative, visit [www.datesweiser.com/contacts](http://www.datesweiser.com/contacts).

**Power & Connectivity**

Mounted discretely around the perimeter of the table, power & connectivity is available in two versions (Fixed and Slide-Out) in both plug-in and hardwire connections to accommodate almost any need you may have. Wire management is easily handled vertically through the bases (via the hinged access door) and horizontally through the aprons.

Access door on 3-1/2" wide bases uses 3/4" finger-pull gap above the door to open.

Access door on 6" wide bases uses touch latch to open.

**Wood Finishes and Materials**

Selecting materials and other features are the first steps to ordering your DatesWeiser furniture. As you move through the steps on the product pages, you will need to fill in the blanks with the codes for the finishes and features you select.

Wood veneers are selected from the finest hardwoods available around the world and top coated with a low-VOC, post-catalyzed finish. The typical sheen is 30%.

Veneers come in three price ranges (Tiers), and described as follows:

1. Cut (Plain-sliced, rift, quartered, engineered)
2. Species (Oak, Walnut, etc.)
3. Finish (Natural, Smoked, Dark, Cerused, etc.

Quartered, rift-cut and engineered veneers are slip matched except for Black Limba.

Plain-sliced veneers are book matched.

Examples:

1. T124 (Denotes Tier 1 Plain sliced Maple, Natural)
2. T227 (Denotes Tier 2 Quartered Walnut, Natural)

Requests for FSC certified materials must be made before an order can be processed.

**Paint Finishes and Materials**

SL\_\_ (Satin Lacquer)

Opaque paint with a 50% typical sheen.

HG\_\_ (High Gloss Polyester)

Opaque paint with a hand rubbed high gloss finish.

\*Color codes are entered in the blanks.

**Metal Finishes and Materials**

MC\_\_ Powder Coat

A coating applied electrostatically as a dry powder, then cured under heat to allow it to flow and form a "skin". Used to create a hard finish that is more durable than conventional paint.

PM\_\_ Premium Metal

Electroplating produces a premium metal finish.

\*Color codes entered in the blanks.

**Finishing Excellence**

DatesWeiser collaborates with leading colorists to develop a palette particularly suited to the executive workplace. This range is available on all our products and coordinates with our extensive veneer offering.

To order finish samples, please contact customer service at [customerservice@datesweiser.com](mailto:customerservice@datesweiser.com) or your local DatesWeiser representative. To find your local DatesWeiser representative, visit [www.datesweiser.com/contacts](http://www.datesweiser.com/contacts).

If you do not see what you want, we are happy to work with you to develop a unique product solution.

Datesweiser printed and veneer samples offer an example of what a typical veneer will look like, within a range of acceptability carefully determined by DatesWeiser. Samples and printed sample materials should be used as reference only.

**FSC® Certification:****FSC-C103565**

Responsibility harvested materials certified by the Forest Stewardship Council® are available upon request and may increase pricing. Requests for FSC certified materials or LEED certification must be made before an order is processed.

**Product Maintenance**

Regular dusting with a soft cloth will help prevent fine dust particles from becoming embedded in the finished surface. We recommend using a soft flannel cloth slightly dampened with water, followed by a dry cloth. Always wipe in the direction of the grain.

**CAUTION:**

Never use a chemically treated cleaning cloth.

For removing residues, smudges, etc., we recommend using a very mild (non-ammonia) soap and water solution. Apply with a soft flannel cloth followed by a dry cloth. Always wipe in the direction of the grain.

We recommend using felt pads on all objects that come into contact with our furniture. Certain vinyl and rubber products can chemically react with the finish on wood if left in contact for extended periods of time. Coasters, place mats, notebook covers, and rubber or plastic feet (found on most accessories) can also damage wood surfaces. To avoid indentations caused by writing instruments, always use a non-vinyl blotter or writing pad.

All furniture should be used in a stable, controlled atmosphere and positioned to avoid direct sunlight. The ideal climate is 65-75°F with 30-55% relative humidity.

Application Notes	
Tables ship knocked-down, assembly required.	Finish and grain matched on tables with multi-piece tops
Tables come with structural metal aprons, finished in metallic black powder (MC12).	Undermount power units finished in metallic black powder (MC12).
Wire management handled vertically through bases and horizontally through aprons.	Tops pre-drilled for installation of undermount power.
Bases can fully or partially conceal a floor core, pending the application. This ability will vary based on type, size, location of the floor core.	Undermount power unit comes with (x1) dual AC hardwire (HW) or plug in(PI) power module and (x2) single space blank plates. For additional connectivity, replace blank plates with Extron single or double space AAP modules as desired. For more information see <b>extron.com</b> .

<b>6</b>	6" wide Base		
	1. Top finish: ( )		
	2. Base finish: ( )		
	3. Power and connectivity (Optional, blank for none):		
	UMHW Under-mount, Hardwire		
	UMPI Under-mount, Plug in		
	UMLK Under-mount, Linkable		
	SOHW Slide out, Hardwired		
	SOPi Slide out, Plug in		
	SOLK Slide-out, Linkable		

Applicaiton Notes	
Tables ship knocked-down, assembly required.	Finish and grain matched on tables with multi-piece tops
Tables come with structural metal aprons, finished in metallic black powder (MC12).	Undermount power units finished in metallic black powder (MC12).
Wire management handled vertically through bases and horizontally through aprons.	Tops pre-drilled for installation of undermount power.
Bases can fully or partially conceal a floor core, pending the application. This ability will vary based on type, size, location of the floor core.	Undermount power unit comes with (x1) dual AC hardwire (HW) or plug in(PI) power module and (x2) single space blank plates. For additional connectivity, replace blank plates with Extron single or double space AAP modules as desired. For more information see <b>extron.com</b> .

Application Notes		
Tables comes with only one base.	Finish and grain matched on tables with multi-piece tops	Top-mount power is available in 5 finishes: Black = ECB White = ECGW Silver = ECS Brushed Aluminum = ECAL Stainless steel = ECSS.
Under-mount and slide-out power is always Black.	Undermount power units finished in metallic black powder (MC12).	
Tables ship knocked-down, assembly required.	Tops pre-drilled for installation of undermount power.	
Tables come with structural metal aprons, finished in metallic black powder (MC12).	Undermount power unit comes with (x1) dual AC hardwire (HW) or plug in(PI) power module and (x2) single space blank plates. For additional connectivity, replace blank plates with Extron single or double space AAP modules as desired. For more information see <b>extron.com</b> .	
Wire management handled vertically through bases and horizontally through aprons.		
Bases can fully or partially conceal a floor core, pending the application. This ability will vary based on type, size, location of the floor core.

Application Notes	
<b>Construction:</b> Top and end panels are 3/4" thick wood panels with mitered corners.  Bottom panel is a 3/4" thick wood panel that is butt-jointed to the end panels, but cleverly done to give the appearance of a mitered corner on the front.  Back panel is a 3/4" thick inset wood panel.  Back panel is picture-framed by the top	Vertical divider panels are 3/4" thick wood panels.  Shelves are 1" thick wood panels and adjustable in 32 mm (1 1/4") increments with a nominal minimum clearance of 6" on top or bottom.  Bases are 2" high wood panels recessed 2" on all sides.  All components finished to match in either a veneer or satin lacquer finish.

Note that insert configuration prices should be added onto 3-position, 4-position and 5-position case prices.</p> <p>† Note that the insert code is the same for 29" and 35" high credenzas as the height is part of the base pattern number.</p>	<p>Painted Case</p> <p><b>T1</b> = Tier 1 veneer case</p> <p><b>T2</b> = Tier 2 veneer case</p>	<p>End panels are ¾" thick wood panels.</p> <p>Horizontal divider panels are ¾" thick wood panels.</p> <p>Shelves are 1" thick wood panels and adjustable in 32 mm (1 ¼") increments with a nominal minimum clearance of 6" on top or bottom.</p>

Drawer and door fronts are 3/4" thick wood panels.	Hinged doors use 110" free-swing hinges with touch-latch and no pulls.
Drawers constructed using 1/2" thick wood panels for the front, back and sides with a 7/16" thick wood bottom.	Fronts are inset 1/4" from the front of the case, creating an iconic and unique aesthetic detail.
File and box drawers run on fully concealed, under-mounted, full-extension, soft-closing slides rated for 110 pounds per pair.	Fronts can be specified with a different veneer or satin lacquer finish then the case.
Drawers and pull-out trash are equipped with pulls.	Interior components are finished to match the case in a veneer or satin lacquer finish.

# Selling Policy

	<p>This Selling Policy supercedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.</p>
<b>Terms &amp; Conditions of Sales</b>	<p>Sales by Knoll, Inc. or Knoll North America Corp. ("Seller") of Knoll Product Lines (hereinafter "Products") within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser's assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supercede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.</p>
<b>Ordering Information</b>	<p>All orders must be in writing. The product pattern number(s) contained on Seller's order acknowledgement shall be the final expression of the order.</p>
<b>Order Confirmation</b>	<p>A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.</p>
<b>Pricing Policies</b>	<p>List prices are subject to change without notice.</p> <p>List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller's list prices.</p>
<b>Taxes</b>	<p>All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.</p>
<b>Terms of Payment</b>	<p>Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than \$100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.</p> <p>KnollStudio orders less than \$2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than \$2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.</p> <p>If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance.</p> <p>Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney's fees and costs.</p>
<b>Changes and Cancellation</b>	<p>Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.</p>
<b>Delivery/Freight Charges</b>	<p>Prices are List, Free on Board (F.O.B.) from the DatesWeiser factory in Buffalo, New York. Shipping, packaging, inside delivery, uncrating, installation, storage, and sales tax (if applicable) shall be in addition to the list price and shall be itemized and charged separately.</p> <p>Shipping charges will be added to your order. For a shipping quote contact your sales representative, email customerservice@datesweiser.com or call us toll free at 716.891.1700.</p>
<b>Claims</b>	<p>All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.</p>
<b>Seller's Security Interest</b>	<p>Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.</p>
<b>Returns</b>	<p>The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.</p>
<b>Held Orders/Storage</b>	<p>If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.</p>

# Selling Policy

<b>Customer's Own Material</b>	A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

The Seller also does not guarantee the colorfastness of fiberglass panel surfaces. THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.</p> <p>The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.</p>
<b>Delay/Force Majeure</b>	Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.
<b>Compliance with Law</b>	PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.
<b>Patents</b>	Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all

payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

- Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
- Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
- Any settlements of a suit or proceeding made without Seller's written consent.

**Limitations of Liability** .....  
**SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.**

Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.

# General Ordering Information

---

## **The Products**

This guide encompasses all standard products for this product group.

## **Sizes**

Dimensions listed in this guide are indicated as:

H = height

W = width

D = depth

Dia. = diameter

Rad. = radius

## **Pricing**

All prices shown are list.

## **How to Order**

Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item's "designated area" can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

## **Mail all orders to:**

Knoll, Inc.  
1235 Water Street  
P.O. Box 157  
East Greenville, PA 18041  
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

# Sustainability Statement

---

Sustainable design is a key component of Knoll's environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such "green" initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to [knoll.com](http://knoll.com), click on "About Knoll" and then "Environmental Focus."
