Selecting materials and other features are the first steps to ordering your DatesWeiser furniture. As you move through the steps on the product page, you will need to fill in the blanks with the codes for the finishes and features you select.

Wood veneers are selected from the finest hardwoods available around the world and top coated with a low-VOC, post-catalyzed finish. The typical sheen is 30%.

Veneers come in three price ranges or Tiers. Veneers are described as follows:
- Cut: Plain-sliced, rift, quartered, engineered.
- Species: Oak, Walnut, etc.
- Finish: Natural, Smoked, Dark, Cerused, etc.

Quartered, rift-cut and engineered veneers are slip matched with the exception of Black Limba. Plain-sliced veneers are book matched.

For example, the finish code T124 denotes Tier 1 Plain-sliced Maple, Natural, and T227 denotes Tier 2 Quartered Walnut, Natural.

Requests for FSC certified materials must be made before an order can be processed.

Glass ⅜″ thick annealed low iron. DatesWeiser offers 14 standard back paint colors.
- GC__Back Painted Clear Glass: Polished glass with back paint. Color codes are entered in the blanks. For example GC01 refers to clear glass back painted white and GC02 refers to clear glass back painted Grey.
- GE__Back Painted Etched Matte Glass: Glass that is acid etched to a matte finish.
- GC00__Clear tempered glass with no back paint. Available on credenzas only.

Solid Surface Materials
- CS01 Corian Glacier White ½″ thickness.
- QS__Caesarstone 2cm thickness.

Certain Caesarstone-topped tables of 60″ width and above may require an additional top section.

Paint
- SL__Satin Lacquer: Opaque paint with a 50% typical sheen, Color Codes are entered in the blanks.
- HG__High Glass Polyester: Opaque paint with a hand rubbed high gloss finish.

Metal
- MC__Powder Coat: A coating that is electrostatically as a dry powder and is then cured under heat to allow it to flow and form a ″skin″. It is used to create a hard finish that is more durable than conventional paint. Color codes are entered in the blanks.
- PM__Premium Metal: Electroplating produces a premium metal finish. Finishes are entered in the blanks.

DatesWeiser collaborates with leading colorists to develop a palette particularly suited to the executive workplace. This range is available on all our products and coordinates with our extensive veneer offering. To order actual finish samples please contact customerservice@datesweiser.com or your local Ancillary representative. If you don't see what you want, we are happy to work with you to develop a unique product solution.

DatesWeiser printed and veneer samples offer an example of what a typical veneer will look like, within a range of acceptability carefully determined by DatesWeiser. Samples and printed sample materials should be used as reference only.

FSCT Certification: FSC-C103565
Responsibly harvested materials certified by the Forest Stewardship Council are available upon request and may increase pricing. Request for FSC certified materials or LEED certification must be made before an order is processed.

Product Maintenance
Regular dusting with a soft cloth will help prevent fine dust particles from becoming embedded in the finished surface. We recommend using a soft flannel cloth slightly dampened with water, followed by a dry cloth. Always wipe in the direction of the grain.

CAUTION: Never use a chemically treated cleaning cloth. For removing residues, smudges, etc., we recommend using a very mild (non-ammonia) soap and water solution. Apply with a soft flannel cloth followed by a dry cloth. Always wipe in the direction of the grain. We recommend using felt pads on all objects that come into contact with our furniture. Certain vinyl and rubber products can chemically react with the finish on wood if left in contact for extended periods of time. Coasters, place mats, notebook covers, and rubber or plastic feet (found on most accessories) can also damage wood surfaces. To avoid indentations caused by writing instruments, always use a non-vinyl blotter or writing pad. All furniture should be used in a stable, controlled atmosphere and positioned to avoid direct sunlight. The ideal climate is 65-75°F with 30-55% relative humidity.

For removing residues, smudges, etc., we recommend using a very mild (non-ammonia) soap and water solution. Apply with a soft flannel cloth, followed by a dry cloth. Always wipe in the direction of the grain. Most stone and metal surfaces can be cleaned by following the same steps we recommend for our wood products. Granite and marble are both very porous and stain very easily. Lemon juice and other acids can etch the surface of the stone. Many stains are extremely difficult or impossible to remove, so please be careful. If a problem arises, please contact DatesWeiser for recommendations. Glass can be cleaned with a standard brand of glass cleaner that does not contain ammonia or vinegar. Always use a soft, clean, grit-free cloth to reduce the risk of scratching the surface. We recommend a micro-fiber cloth and not paper towels. Care and cleaning of clear and acid-etched glass is the same. On non-temperded glass avoid extremely hot materials and on all glass avoid caustic substances. We recommend using felt pads on all objects that come in contact with our furniture. Certain vinyl and rubber products can chemically react with the finish on wood if left in contact for extended periods of time. Coasters, place mats, notebook covers, and rubber or plastic feet (found on most accessories) can also damage wood surfaces. Specification Information

To order please specify pattern number including:
1. Top finish
2. Trim Finish (only applies if trim type is metal or leather)
3. Base finish
4. Grommet option
5. Grommet finish (only applies if grommets are selected)
6. Power box option
7. Table-top power finish (only applies if table-top power is selected)

Trim Type
N = No trim
M = Metal (available in Plated and Painted finishes)
L = Leather

Grommet options available in these finishes:
($466 per grommet)
Powder coated
Plated (Polished Chrome, Satin Nickel or Oil Rubbed Bronze)

Power Box Option

Code	Description	Upchg
NP	No power	n/a
UM	Undermount	$208

TM2	Table-top. Access lid finish	
	Powder coated	$1,847
	Polished Chrome	$2,776
	Satin Nickel	$2,776
	Oil Rubbed Bronze	$2,776
	T1 and T2 veneer	$2,979

All power and data modules are specified separately. Refer to the Electrical section for pricing.

Pricing Tiers

T1 = Tier 1 veneers
T2 = Tier 2 veneers

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Pricing Tiers

T1 = Tier 1 veneers
T2 = Tier 2 veneers

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Pricing Tiers

T1 = Tier 1 veneers
T2 = Tier 2 veneers

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Pricing Tiers

T1 = Tier 1 veneers
T2 = Tier 2 veneers

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

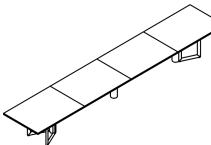

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

T2 = Tier 2 veneers

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

T2 = Tier 2 veneers

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

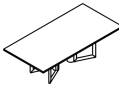

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.
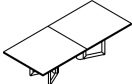

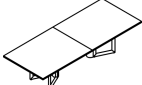

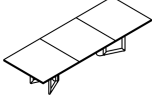

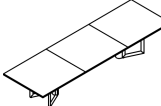

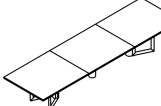

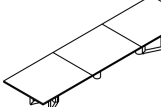

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Pricing Tiers

T1 = Tier 1 veneers
T2 = Tier 2 veneers

Please refer to Materials and Finish page for specification details.

T1 and T2 pricing includes powder coated base finish. There is an upcharge for plated base finishes as highlighted above.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Application Notes

Assembly required. Tables are shipped knock-down. Finish and grain matched on tables with multi-piece tops. Tables come with structural metal aprons, finished black.

Wire management is handled vertically through the table's end bases or via the optional 6 or 10″ square Wire Management Columns 02WMC6X6 or 02WMC10X10 (ordered separately). Wire management is handled horizontally through the wire manager trough supplied with each table. End bases can fully or partially conceal a floor, pending the application. Tables equipped with an intermediate column do not have any wire management capabilities in the column. Nor can they fully or partially cover a floor core.

Tops pre-drilled for installation of undermount and slide-out power boxes. Power Boxes (topmount, undermount, slideout and power drawers) are supplied with blank plates, ready to be populated to meet your specific needs. Refer to the Power and Connectivity pages for available options that are ordered separately.

Topmount and Perimeter Power Features

All Topmount and Perimeter solutions use a variety of power and connectivity options that are ordered separately to best suit your needs.

Dual-AC Modules are spill-proof, tamper resistant receptacles rated at 12A/120VAC and available with Plugin, Hardwire or Linkable Infeeds. Linkable Plugin Infeeds are rated at 20A and provided with an extension to reduce that 15A if required.

USB Low-Voltage Power Packs provide power for charging tablets and other mobile devices. All USB modules consist of two USB-A connectors providing up to 12W of power each and meet USB.org Battery Charging 1.2 Specifications.

The Networking, Data and Audio/Video options provided by DatesWeiser is a curated collection of the most used Extron AAP series of products. If you do not see what you are looking for, contact Customer Service at *customerservice[@00da]tesweiser.com* or your local Ancillary representative to request a quote based on your specific needs.

Application Notes

In-Feed cable provided with Dual-AC Linkable Kits is a 72″- 20 Amp plug-in cord with a 9″ - 15″Amp plug-in extension to be use if required.

USB Low-Voltage Power Packs provide power for charging tablets and other mobile devices. Terms and Conditions of Sales

Sales by DatesWeiser (hereinafter called the Seller) are made only on the terms and conditions set forth below. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of the Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller.

Ordering Information
All orders must be in writing. Product information required for a Purchase Order is described on page 0.

A Purchase Order is not binding on the Seller until Purchaser has received Seller's Order Confirmation.

Pricing Policies
All written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period.

Prices are List, F.O.B. from the DatesWeiser factory in **Buffalo, New York**. Shipping, packaging, inside delivery, uncrating, installation, storage, and sales tax (if applicable) shall be in addition to the list price and shall be itemized and charged separately.

List prices are subject to change without notice.

List prices shall be those prices in effect on the date the Seller receives a completed Purchase Order unless shipment is requested more than 120 days after the order entry, in which case prices in effect on the date of shipment apply.

Taxes
All sales, use, excise, and other taxes applicable to the sale of DatesWeiser Products shall be paid by the Purchaser. To claim an exemption from any tax, Purchaser must submit to Seller the appropriate exemption certificates.

Terms of Payment
A fifty percent (50%) deposit is due at the time of order placement and the remainder due within thirty (30) days of the date of invoice.

If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance.

The ship date the Seller specifies is considered the invoice date for billing. The ship date will be confirmed by the Seller via a separate Acknowledgement issued upon receipt of a signed Purchase Order.

Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney's fees and costs.

Changes and Cancellations
A confirmed order may not be changed or cancelled, in wholc or in part without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In event of cancellations, Purchaser will be liable for reasonable cancellation charges, including a $500 administrative fee.

Seller is not required to comply with Purchaser's request to change a confirmed order, but all reasonable requests to change confirmed orders will be honored. Orders for special or custom Product may not be cancelled.

To be effective, a Change Order must be in writing, signed by the Purchaser or Purchaser's agent, and confirmed in writing by the Seller. Change Orders are subject to a charge for materials, labor, and other costs as determined by Seller.

Security Interest
Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

Customer's Own Material (COM)
A Purchaser who requests a material not standard to Seller's line of Products (described on page 0) must submit a sample of the requested material to Seller prior to entry of a purchase order. Seller shall determine if the material is suitable to its manufacturing process and meets any requirements of Underwriter Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM on the Product in question.

Customer's Specified Laminates (CRL)

For Custom wood or paint finishes add $725 net per finish. This is a one-time matching charge. Custom finishes may extend delivery time up to four (4) weeks. Control samples of custom finishes will be provided.

Hardware

Final adjustment of furniture hardware such as hinges, drawer slides, drawer pulls, etc., at the installation and as a punch-list item, if required, is the Purchaser's responsibility.

Hardware

Final adjustment of furniture hardware such as hinges, drawer slides, drawer pulls, etc., at the installation and as a punch-list item, if required, is the Purchaser's responsibility.

Design

All Products shown in the Seller's Price List and Specifications Guide are, and remain, the property of the Seller, who reserves the exclusive right to manufacture them. All dimensions shown are to be considered approximate. Seller reserves the right to make changes in price, dimensions, design and/or construction without prior notice.

Shop Drawings

Seller allows for one (1) set of full shop drawings and one (1) round of minor drawing revisions in its pricing and scheduling. Thereafter, any significant changes in design, including dimensions, engineering details, and materials, or delays in reviewing and approving shop drawings, may necessitate additional charges and cause schedule delays. Seller reserves the right to determine the impact of any design changes and/or delays and will promptly notify those involved of any adjustments to cost and schedule.

Field and Hold Dimensions

If a dealer or third party is responsible for providing installation, the following is required: Full responsibility for providing accurate and timely field dimensions or hold to dimensions (in cases where walls are not erected) as it effects the ultimate fit of the installation. As an alternative, upon request. Seller can provide a cost for sending a field technician to the project site to assume responsibility for field dimensions and site evaluation.

FREIGHT AND DELIVERY

Products are carefully inspected and packaged before leaving the factory to ensure they reach their destination in excellent condition. Whenever possible, the Seller will ship in accordance with the Purchaser's instructions. If Purchaser does not specify shipping instructions, Seller will use its best judgment to determine the most suitable shipping method, route, and carrier.

Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect time of delivery.

Storage

If the Purchaser cannot accept delivery per the ship date specified in the Seller's Acknowledgement, the Seller may transfer the merchandise to storage, either at its facility or at another facility.

Purchaser will be charged a storage fee of two percent (2%) of the invoice for every thirty (30) days the products are stored at the Seller's facility.

For products stored in another facility, all out-of-pocket costs of storage, including transportation and warehousing fees, will be at the Purchaser's expense.

The Purchaser will be invoiced for all product charges on the date the Products are transferred to storage. Storage fees will accrue monthly in full month increments (they are not prorated for partial months) and will be added to the first invoice, which will also include non-product charges such as shipping, installation, etc.

Returns

Purchasers may not return Products without Seller's written approval and shipping instructions. Unauthorized returns, and returns shipped inconsistently with Seller's instructions, will be automatically refused by the Seller's receiving department.

Products not currently offered for sale by Seller, including special and custom Products, shall not be authorized for return. All returned Products must be unused, in original condition and in original Seller shipping cartons. No refund or credit shall be given for damaged Products.

CLAIMS

All shipments for Sellers Product are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and note any damage on the Bill of Lading and make an immediate request for inspection of damage by carrier. Seller is not responsible for damage that occurs in transit or storage.

Damage that becomes apparent after the Product is unpacked should be reported to the carrier and the Seller within twenty-four (24) hours of receipt. Damage that is incurred at a furniture dealer's warehouse is the responsibility of the furniture dealer.

For claims relating to Product damaged in transit, or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier. Seller may, upon request, assist Purchaser with filing of such claims with the carrier.

Claims for defects, errors, or shortages must be made in writing by Purchaser against Seller within 72 hours after delivery. Failure to make such claim within 72 hours shall constitute unconditional acceptance of the Products and a waiver of any apparent defects, errors, or shortages.

WARRANTY

Seller warrants its Products to the original Purchaser to be free of defects in workmanship and materials under normal use and under conditions for which the Product was designed for a period of five (5) years. This remedy is exclusive. Seller does not authorize any person to create for it any obligation or liability.

During this warranty period, Seller will repair, or at its option, replace, such Product proven to be defective. Seller shall not be liable for commercial loss or any consequential or incidental damages that may arise as a result of defective Product.

This limited warranty does not apply to:

- Damage caused by a carrier other than the Seller.
- Product not properly maintained per Seller instructions. Maintenance and proper environmental conditions are described in Seller's Published Price List. All furniture should be used in a stable, controlled atmosphere and positioned to avoid direct sunlight. Ideal climate is 65 to 75 degrees Fahrenheit with 30 to 55% relative humidity.
- Normal wear and tear or acts or omissions of parties other than Seller. This warranty does not cover any product repaired or altered by any person not so authorized by Seller, including user modification, improper use or installation of Products.
- Customer's Own Material and Customer's Specified Laminates.
- Durability or suitability of any exterior surface coatings or treatments.
- Matching of color, grains or texture except as specified in the Seller's Order Confirmation and the finish sample.
- Natural variations occurring in wood, stone, and glass shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of colors, grains or textures, or surface hardness of such materials.
- Adequacy of any electronic components.
- Durability of glass used in Product.
- Live Edge natural slabs used for table tops.

Seller must be notified within 72 hours of receipt of shipment for any initial claims for defects, errors or shortages.

To obtain the benefit of this warranty, contact Seller in writing. It is the responsibility of the Purchaser to arrange the return of Product to Seller and to assume all costs relating to any incidental or consequential damages.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item's "designated area" can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll's environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such "green" initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.
